

# Gobeshona Global Conference 3

The 3rd annual **Gobeshona Global Conference** focused on monitoring **Locally- Led Adaptation (LLA)** and resilience organized by the **International Centre for Climate Change and Development (ICCCAD)** was held virtually from 10th to 16th March 2023. This year's conference brought together 1686 attendees from Bangladesh and abroad. The conference schedule combines over 72 sessions, such as; Thematic Webinars, Organizational Sessions, Networking & Participatory events.

The conference was streamed live on multiple social media platforms, including **YouTube**, the official Facebook page of **Gobeshona**, and the **International Centre for Climate Change and Development (ICCCAD)** page. The primary platform for managing the event was Whova, an all-in-one event management solution that enabled registered attendees to participate in the sessions via Zoom.

### Conference Aim:

- The conference was a platform aimed to link local, and international researchers, scholars, policy-makers, and practitioners to participate, support, and leverage the upstanding intentions and creativity of local communities to develop and implement solutions dealing with climate change and monitor progress.
- The conference also aimed to address the quality of research and take initiative to give research a real meaning so that publication becomes effective in response to climate.

### Government Partners:

The Government of Bangladesh

The Scottish Government

The Government of Vanuatu

### Supporting Partners:

Global Resilience Partnership (GRP)

International Institute for Environment and Development (IIED)
